Philada. November 29. 1864

My dear friend,

189 The family of the late Thomas Whitson desired my mother-in-law, Mrs. Mott to inform you of the decease of our excellent friend, which took place on the evening of the 25th inst.

They thought, from your personal knowledge of him, that you would be willing to insert in the Liberator a notice of the deceased, written by yourself. The Standard of this week, will contain a brief notice from which you can glean the few facts, necessary for your purpose.

I am, very cordially, &c.

Edward Hopper
